

YOU GET WHAT YOU PAY FOR...

Some people prefer to take short-cuts and "make savings" by accepting second best. This of course is their decision. But no one should forget that there is usually a very good reason why some things cost more.

Fawcett Security prides itself in the extremely high standard security service that it offers. This has to do with our superior selection process, training and back-up. Fawcett Guards may cost more because they are worth more. True quality always pays off.

the Best of the Best

Although we don't put our Premier Security Details in the same league as "the Elite" SAS or the Navy Seals there is something they have in common. They are all considered to be the best in their field.

Superior training and close management liaison plus a conditional 100% monthly bonus mean that our Premier guards are extremely well-disciplined and motivated to perform.

When you need "the Best of the Best" ask for our Premier Security Detail

IT'S THE **SECURITY SYSTEM** CHOSEN BY ROCKET SCIENTISTS

ADPRO[®]
Video Security Technologies

That's right – the **ADPRO Security System** is so highly regarded that it is used at the Kennedy Space Centre. It is also used by Swiss Bankers, the French Police and even the Australian Prime Minister! In fact this sophisticated surveillance system has proven itself in over 40 000 sites around the world! And it is now available in Zimbabwe.

Why is ADPRO so popular?

- It prevents loss. Intruders are stopped **BEFORE** they get inside.
- It saves money on guards and cuts out false alarms.
- This is not CCTV or an alarm system - it is so much more!

You don't have to be a rocket scientist to appreciate the revolutionary technology and benefits offered by this superior security system.

Please contact your nearest branch of Fawcett Security for an obligation-free demonstration.
